NUMBER 10.

LOCHREN ON THE PENSIONER.

MAKES SEVERAL POINTED SUGGESTIONS IN HIS ANNUAL REPORT.

The Real Soldiers of the War the Ones Who Enlisted at the First Call.

Says the Men Who Enlisted Early and Fought the Battles of the War Are Most Entitled to Pension Claims.

WASHINGTON, Oct. 30.—Commissioner William L. Lochren of the pension office in his annual report makes several pointed suggestions. Under the head "Patriotism and Pensions," he says: "Those men who enlisted early and fought the battles of the war were not moved by mercenary considerations and unless actually disabled did not show the haste in applying for pensions manifested by those who enlisted nearer the close of the war for large bounties, and did little actual service, and who are now the noisiest in clamoring for more pensions. As compared with this latter class, the real soldiers of the war have been modest in preferring claims for pensions."

The commissioner says that many disreputable and incompetent men are engaged as pension attorneys and suggests that none but reputable men be allowed to practice in pension cases. Dishonest attorneys have given much trouble by systematic criminal and fraudulent practices. Pension payments, the commissioner says, bring large amounts into communities and the fear that the conviction of these attorneys would lessen the influx of money has shaped itself in popular rumor against the special examiners, whose investigations have secured the conviction of criminals. The special examinations division will not require as much money as in the past for the reason that vigorous prosecution of frauds and crimes has discouraged and measurably stopped crimes.

Difficult to Obtain Proofs. The death of many witnesses and the age of claimants has made it quite difficult in many cases lately to obtain proof sufficient for the granting of pensions. The commissioner recommends that some provision be made for the maintenance of deserving clerks in his bureau who have been long in the service and have become practically disabled.

The report shows that the number of pensioners June 30, 1894, was 969,544; new pensioners added during the year, 39,185; dropped pensioners restored, 4,206; deaths during the year, 29,810; dropped for causes, 14,575, making a net increase of pensioners during the year of 900. Pension claims allowed during the year, 89,183; denied, 108,355, cases pending, 553,310. The appropriation for the year was \$100,000,000 and there was paid during the year, \$138,807,237. The estimate for pensions for 1897 are \$140,000,000 for pension payments; \$800,000 for surgeons' fees, and \$450,000 for clerk hire at pension agencies and about \$300,000 for other expenses. The commissioner commends the vigor of the department of justice and of pension examiners in prosecuting dishonest attorneys and others who were engaged in pension frauds. There were 294 persons convicted during the year for frauds.

Shuts Off Congressmen-Elect. WASHINGTON, Oct. 30.—Comptroller of the Treasury Bowler has decided that congressmen-elect are not entitled to government stationery until they have taken the oath of office. Heretofore members-elect have been allowed to draw on their stationery allowance as it became due monthly after March 4, the beginning of their term, but the comptroller now holds the right is not vested in a member until he is sworn in.

SENSATIONAL PRIZE FIGHT TURN.

Governor Clarke Has Been Doing a Little Preparing on the Quiet.

LITTLE ROCK, Oct. 29.—Matters pugilistic took a sensational turn Monday when Attorney General Kingsworthy filed information in the second division of the Pulaski county circuit court asking for a warrant for the arrest of Robert Fitzsimmons and Martin Julian. It developed that while arrangements have been proceeding quietly at Hot Springs for a fight to a finish between Corbett and Fitzsimmons to take place despite the supreme court's decision, Governor Clarke has not been idle, but has himself been doing a little preparing "on the quiet." It develops that the governor has had a detective or confidential agent at Hot Springs all the time and has been kept thoroughly posted on every move made by the promoters of the fight.

The detective advised the governor that arrangements had been completed to bring the fight off and as a result of this information Attorney General Kingsworthy, acting under instructions from Governor Clarke, applied to Judge Martin for the warrants for the arrest of Fitzsimmons and Julian, which were issued and placed in the hands of Sheriff Bookner. Deputy Sheriff Heard was given charge of the matter and at once started for Texarkana, where Fitzsimmons and Julian are expected to enter the state. Instead of going to Hot Springs, the deputy will bring Fitzsimmons and his manager to Little Rock.

IOWA MAN WINS THE DUPONT CUP.

Fred Gilbert, Who Was a Dark Horse in the Race, Wins From Spirit Lake.

BALTIMORE, Oct. 26.—Fred Gilbert, a dark horse in the race, who hails from Spirit Lake, Ia., won the Dupont cup, winning the championship of the world and a fat purse in the pigeon shooting tournament. It is said Gilbert never entered a tournament before in his life, but he shot like a veteran, thus repeating the performance of John G. Messner of Pittsburg, who won the grand American handicap of 1895, although it was his first tournament. McAlister, the well known wing shot who formerly lived in Philadelphia, but now in Baltimore, was Gilbert's more dangerous competitor, as no others than these two killed 25 straight birds. Captain Jack Brewer, the veteran New Yorker, came very near it though, as he did not fall down until the last bird of the 25. Then he lost his temper and missed his second bird in the shoot off for third and fourth money, and got nothing.

This time includes stops. Exclusive of stops the run was made in 470 minutes and 10 seconds, an average speed of 64.9 miles an hour. The New York Central's record of Sept. 11 was an average speed of 63.6 miles an hour, including stops, and 64.26 miles an hour exclusive of delay.

Sixty Said to Have Been Killed at Erzingan.

CONSTANTINOPLE, Oct. 26.—Fierce disturbances, accompanied by serious bloodshed, are reported to have taken place at Erzingan. Sixty Armenians are said to have been killed.
